Annual intake:
45

Life in Finland

Finland is one of the safest countries in the world. The culture is non-hierarchical, so you can e.g. address your teachers by their first names.

Finland is located in the north and in the zone where southern and polar air masses meet. Savonia lies in the heart of Eastern Finland where you can really experience the four seasons. Here the summers are warm and full of light, and winters are cold and dark.

Luckily the Finns are warm at heart, especially when you get under their silent appearances.
